

Catholic Church Records for the Archdiocese of St. Paul and Minneapolis

The Chancery of the Archdiocese of St. Paul and Minneapolis houses the Archdiocese Archives. The list below indicates the years records are available for baptisms, marriages, and deaths, listed by parish. Parishes are grouped within their counties. Several MGS groups have obtained microfilm copies over the years, which are available at the Hoffman Research Library. Those years which are **highlighted in red** may be used at the HRL. If you are not able to visit in person, please contact our Research Committee at research@mngs.org for possible retrieval of records.

The Archdiocese Archives can no longer accommodate private on-site research, but it does offer a fee-based research service. Please see the Information at the Archives web site <https://www.archspm.org/archives-and-records/>
